Healthier Animals *with* Homeopathy

August 9, 2008

Radisson Valley Forge Convention Ctr.

1160 1st Ave, King of Prussia (corner of North Gulph Rd & 1st Ave)

10 am - 2 pm with a lunch served at noon

RSVP: Beth Monaco 800-456-7818

Presented by C. Edgar Sheaffer, VMD

The session will present the practical uses of homeopathic medicine in first aid situations. Horses, pets, and farm livestock are healthier, stronger and live longer with homeopathy. A variety of cases illustrate the principles and practice of this natural therapy.

Some topics to be presented:

- Helping animals after accidents • Diarrhea and digestive problems
- Respiratory conditions • Maintaining a healthy mouth
- Fear, homesickness, traveling challenges
- Caring for puppies, kittens, and foals • Urinary tract disease
- Dealing with internal and external parasites

Dr. Sheaffer consults daily with owners of pets, horses, llamas, alpacas and other livestock. For more information, visit www.clarkvetclinic.com
